

The DCSD Commitment

The Douglas County School District (DCSD) Strategic Plan outlines specific commitments to its stakeholders. To parents and families, there is promise to "value parents' ideas, opinions and concerns, knowing they have an understanding of how issues and events affect their students and families." To the community, it commits "to engaging our community members as partners in providing a world class education for our students."

OUR SURVEY

Do you agree that the Board of Education fulfills this commitment to Douglas County parents, families, and the community?

What recommendations would you like to make to the Board of Education to fulfill or improve on their commitment to parents, families and the community as outlined in their strategic plan?
